Term Paper

Once approved and enrolled in MANA 4396 students are responsible for submitting a term paper to the internship faculty advisor by **Monday, November 30, 2015**. Following are term paper requirements set by the internship faculty advisor (subject to change depending on the Internship

Faculty Advisor):

Students are required to write an 8-10 page research paper that should be inspired by issues encountered during the internship. Papers must be typed, double-spaced, use a minimum of 8 references and use either APA or MLA style for internal citations and reference pages. References used will vary based on the topic & may include books, journal/magazine articles, & Internet sources. In your term paper, apply your Management education to your internship assignment. You management classes have discussed management principles that research shows have been effective. Are these principles used in the company for which you did your internship? The following are some ideas for a term paper:

- Did you have goals to accomplish in the internships? What helped or hindered your achievement of your goals? Did having goals make you more successful?
- How did this experience differ from what you expected? Was it better, worse or different in an unexpected way?
- Could the company have done some things differently? What should they have done differently and why? Would it have made them more successful?
- Some other topic to be decided between you and the Management Internship Faculty Advisor
