

Mr. Morris —

Class partic 2nd 1/2 — A

So semester grade AAFA BB = A

Let me offer one comment:

You are exceptionally good at this stuff, easily the best of 38 students in both sections this semester. If you're that good in all your classes, then no big deal for this to be the same. But if this kind of material is particularly easy for you to deal with, it might be smart to at least consider making a living at it. If you'd ever like to chat about what marketing consultants do for a living, please give me a call + we'll talk.
