

Alternative Majors to Business Administration May be combined with the Global Business Minor

A 3.00 GPA on the last 60 hours of all attempted coursework including transfer courses (as well as a 2.50 overall UH gpa for former or current UH students) is required for a business major or minor except for the Global Business minor and the International Area Studies minor, both of which require a 2.0 GPA at UH. For more information on the Global Business and the IAS minors, see: <http://www.bauer.uh.edu/undergraduate/business-minor>. Students are encouraged to make use of University Career Services for assistance in career/major exploration/selection. For further information, please visit – <http://www.career.uh.edu>.

I. Accounting

Students may select any other major of interest, along with the Global Business or IAS minors, and return to UH as a post-baccalaureate student for the Certificate of Accountancy Program, which will provide the accounting hours needed for the CPA exam (an accounting degree is not required for the CPA): <http://www.bauer.uh.edu/degrees-programs/cap>. For more specific questions about the CPA, contact the Texas State Board of Public Accounting: <http://www.tsbpa.state.tx.us/>).
