

PROFESSIONAL DRESS EXPECTATIONS

Business related events are great opportunities for you to network with employers, find out more about opportunities, and follow up on job search prospects. Employers at these events expect to see the best Bauer has to offer – Professionalism!

For all business events, professional dress is strongly encouraged, and often ***required***. The Rockwell Career Center has set the following as minimum requirements for professional dress. Attendees who fail to follow these standards may be turned away from business related events, and may not be allowed to enter until they are in compliance.
