

RISK MANAGEMENT & INSURANCE TRACK

The Risk Management & Insurance (RMI) Track gives students the essential skills they need for managing a business: the ability to identify possible risks and find the best strategy to manage them. The program provides foundational business skills for students on a wide range of career paths.

Students who successfully complete the program will receive a Bachelors in Business Administration (BBA) in Finance with a certificate in Risk Management & Insurance.

A 3.0 GPA is required to declare the RMI Track and successful completion of the following:

REQUIRED COURSES FOR ALL FINANCE MAJORS	▶	<ul style="list-style-type: none"> • FINA 4320: Investment Management • FINA 4330: Corporate Finance
