

FINA 7A97 (class 20823)
Personal Financial Planning
Spring 2016, Session 5
Wednesday 6:00-9:00 p.m.
Prerequisite: FINA 6A35

Instructor: Rob Shoss, MBA/JD
Email address: Robert.shoss@gmail.com
Phone number: 832-771-6367

Course objectives:

To gain a broad understanding of personal financial planning with an emphasis on practical application in the students' lives. This course will also be useful to those who want to pursue careers in financial planning. Course will focus on integral personal financial planning topics with emphasis on investments. Specifically, topics to be addressed include the following: the value of financial planning, understanding money, behavioral finance, risk management, retirement accounts, asset allocation, the panoply of investment choices, learning important factors for individual stock selection, and considerations when choosing an investment manager and financial advisor.

Books to be used:

The Ultimate Financial Plan by Jim Stovall and Tim Maurer (UFP)
The Millionaire Teacher by Andrew Hallam (MT)
The Elements of Investing by Burton Malkiel and Charles Ellis (EOI)

Supplemental reading and websites:

www.morningstar.com, www.marketwatch.com, www.gurufocus.com, *The Wall Street Journal*, handouts, articles and videos.

Grades:

20% of grade: Participation, based on deliberate, thoughtful participation. It's quality, not quantity. Participation involves attending, actively engaging in discussions and providing value-added input.
20% of grade: Individual projects throughout the term.
60% of grade: Developing your own personal financial plan addressing the topics covered during the course.
