

Mr. Ron Ristich – Instructor, College of Technology's Lean Six Sigma Professional Training Program

Ron Ristich is a Lean Six Sigma Master Black Belt who has over 15 years of experience facilitating training, as well as coaching/mentoring Lean Six Sigma project teams. Ron's work in this field began during his tenure with Dow Chemical where he facilitated more than 4,000 students through thousands of hours of training. Since retiring from Dow in 2011, Ron has continued to work with organizations in oil & gas, chemicals, and beyond to help guide their Lean Six Sigma journeys. His experience as has grown to include the full range of Lean Six Sigma offerings from White/Yellow Belt through Champion and Executive training. Ron's passion for Lean Six Sigma and process improvement is clearly evident in his approach to training and through his dedication to the work he does. He brings many years of practical experience to his classroom for the benefit of those he trains.

Ron has his B.Sc. in Chemical Engineering from the University of Waterloo, Ontario, Canada. Additionally, he is certified in Design for Six Sigma training, and he has over 30 years of Process Control and Process Information experience.
