

OUR CITY, OUR COLLEGE

Transforming Lives Through Service

When it comes to empowering local entrepreneurs from underserved communities, the microfinance program at the C. T. Bauer College of Business at the University of Houston is making an impact.

Bauer students help these underserved communities learn how to launch and grow their own businesses taking what they've learned outside the classroom to help the community.

At Bauer, our students understand the importance of sharing their knowledge with others. *We are Bauer, and we are your business connection.*

C. T. Bauer College of Business is an AACSB accredited business school.

The University of Houston is an EEO/AA institution.
