Brainstorming to Bankrolling

The SURE™ Program has been recognized for excellence by:
Governor Greg Abbott, Mayor Sylvester Turner, Congresswoman
Sheila Jackson Lee, The U.S. Small Business Administration,
The Houston Chronicle and *Houstonia Magazine*.

“Each assignment takes me out of my comfort zone of imagination, and on to a plane of practicality. This is better than any internship because you have a stellar support system and more encouragement than I imagine even the best of interns could expect.”

Sharlicia McEachnie (BBA '19)

“The SURE™ Program gave me the opportunity to bond with women in the community through learning and dreaming. It gave me a chance to use what I learned in business school to help accomplish their dreams and that is the most amazing feeling. It has been one of the most rewarding classes I have taken at the Bauer College of Business.”

Audrye Williams (BBA '15)

“It has been a pleasure to be a part of the SURE™ Program. The program has given me invaluable & priceless experience that will benefit me in my career greatly! It has helped build my critical thinking, time management and people skills exponentially. I would strongly recommend this course to anyone who would like hands-on experience as a consultant or exposure to entrepreneur-minded individuals.”

Justin Sisourath (BBA '17)

Be a Student Consultant. Enroll in Brainstorming to Bankrolling.
